The Meeting at the Thompson Street Church.
The Rev. W. W. Orr, of Huntersville, N. C., has been in Newberry for the past ten days conducting a meeting in the Thompson Street A. R. P. church. He intended to close on Sunday night, but a large petition was presented to him to continue the service, and it was continued to Tuesday night. Much interest was manifested in all the services by the members of all the churches in town, and it is hoped that much good will result therefrom.

Rev. Mr. Orr has preached twenty sermons during his stay here. He is a forcible and earnest talker, and presents the truth with clearness and strength and so plain that no one can fail to understand.

TO THE PUBLIC.
Owing to continued advance in the price of ice, and the unsettled condition of the ice market, I am absolutely forced to advance the price of ice. I also earnestly beg to assure my patrons that I will exert every effort to supply them at the lowest possible price.

Respectfully,

A Beautiful Masonic Jewel.
We learn from our masonic friends that Signet No. 18, of Royal Arch Masons, elected its late M. E. H. P. Companion Edward Scholtz, an appropriate jewel, as a token of its appreciation of his masonic services and devotion to the Chapter. The jewel is a handsomely finished tripartite triangle on which the word Jehovah is engraved in Hebrew. Suitable resolutions were given with this deserved tribute to a worthy mason, who will feel justly proud of the gift from his brethren of the ancient guild.

Mr. Scholtz will be missed not only by the masonic fraternity. His church will miss him and the community will miss him, for he was a devoted, energetic and public-spirited citizen, and always took an active interest in everything likely to redound to the good of the community.

8100 Reward \$100.
To the readers of The Herald and News, will be pleased to learn that there is at least one dreaded disease that science has been able to cure in its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

How I Was Cured of So-Called Cancer.
LUTATION, GA.
Dear Sir: This is to certify that I was a sufferer with a place on my underlip for fourteen years, and was under treatment of different physicians, but they did me no good. I had lost hope of being cured by medical treatment, and then went to a doctor living in Florida, who treated me by fire. After going to him it got well, apparently, for a while, but returned as bad as ever. I then concluded to try P. P. P. (Prickly Ash, Poke Root and Potassum), and after taking five bottles (pink size) was cured. I also find it to be a good medicine to give a good appetite and to give proper digestion.

Yours truly,
L. J. STRICKLAND.

The Court.

The Court of General Sessions was convened last Monday with Judge J. J. Norton presiding.

There is a pretty heavy criminal docket, and the business will not likely be completed until to-morrow or Saturday.

Solicitor Schumpert was ready with his indictments, and is doing his duty faithfully.

After the court was organized Judge Norton delivered a short address to the Grand Jury. Amongst other things he said: The Grand Jury has nothing to do with legislation which ought to be enacted or repealed. Their duty is simply to see to the enforcement of the law as it stands; to review the conduct of officers not purely discretionary. Where it is the duty of an officer to do a certain thing the Grand Jury ought to see that he does it. He said it was the duty of the Grand Jury to bring offenders to justice, and while they were not to go around prying into every body's business, still it was their duty to take notice of certain crimes such as gambling and selling whisky contrary to law, and such other offences.

It is the duty of the Grand Jury to do their best to enforce the law. He then charged them as to their special work in regard to the bills handed out by the Solicitor.

The jury was organized with Mr. R. T. C. Hunter as foreman. Jos. S. Reid, was appointed as an expert to assist the Grand Jury in the examination of the offences and so forth.

The following bills were handed to the Grand Jury:

John Walker—Concealed weapons. Fed Singley—Concealed weapons. Jerry Davis, Henry Davis, Fed Singley, Henry Cannon—Disturbance in public meeting; no trespass as to Fed Singley.

Henry Cannon—Concealed weapons. William Ringer—Burglary and larceny.

St. Boise—Assault and battery with intent to kill, &c.

Jason Summers—Murder. Robert Robertson—Arson. Mack Wheeler—Arson.

Robert Taylor and Bettie Stockman—Adultery.

William H. Lane—Bastardy. Dock Moore—Greenwood—Selling and buying seed cotton between sundown and sunrise.

True bills were found in all the cases except Robert Robertson, charged with Greenback forgery.

Fed Singley pleaded guilty to carrying concealed weapons.

Jerry Davis, Henry Davis and Henry Cannon were tried for disturbing religious worship, and were found guilty. They were defended by Geo. B. Cromer, Esq.

Henry Cannon was found not guilty of carrying concealed weapons. He was not represented by counsel.

St. Boise was tried and found guilty of assault and battery with intent to kill. He was defended by Bleese & Bleese.

William Ringer was tried for burglary and larceny and found guilty with the recommendation to mercy. He was defended by H. H. Kinard.

The case against Jacob Bedenbaugh and Sarah Bedenbaugh—fornication—was continued before being passed upon by the Grand Jury.

Mack Wheeler was convicted of arson with recommendation to mercy. He was defended by C. L. Bleese, Esq.

The case against Wm. Greenwood, charged with buying and selling seed cotton between sundown and sunrise, is set for to-morrow.

The Grand Jury made their presentment yesterday and were discharged.

REPORT OF THE GRAND JURY.

To His Honor J. J. Norton, Judge presiding: Having acted upon and returned all bills handed us by the honorable Solicitor, we would most respectfully submit the following as our report:

We have examined, by committees of our body, the different county officers. Everything is new and in good order. The books are well and correctly kept—everything as it should be, leaving no cause of complaint so far as we could ascertain.

We have also examined the public buildings. There are repairs needed in front of the Court-house. The jail looks and should be repaired. The jail looks to be clean and kept in good order.

The prisoners say they receive the proper attention. There are leaks in the roof of the jail which should be repaired. The roof on the kitchen needs to be repaired, as it leaks, which is causing the plaster to fall off, and is doing much damage to the wall. The well is in bad condition. The wall inside should be built higher, and the shelter or covering over and around the well should be renewed. The fence around the jail should be rebuilt.

A number of glasses are out of the windows of the jail. Many of these needed repairs about the jail were reported by the last Grand Jury, but received no attention.

A committee visited the Poor House and report that they found the inmates all in appearance comfortable, and showing care on the part of the keeper. The need of a new building for the poor is a matter of long standing, and no recommendation is therefore made in regard to the repairing of the old building. The committee thinks that more care should be given to preserving the land by terracing or ditching.

An act of the Legislature, approved December 22, 1888, provides that the County Commissioners shall divide the public roads of the county into districts of such size and number as they may see proper, and appoint an overseer for each district and assign hands, as they may see proper. And the said Act further provides that the said Commissioners shall report all public roads to road duty to work upon not more than twelve days in each year, and the said Act directs the manner in which all the roads are to be worked, and it is made the duty of the Commissioners to enforce the provisions of said Act, and to see that each and every road is worked in the way and manner directed in said Act, and for refusal or neglect to do so they shall be deemed guilty of a misdemeanor. There has evidently been a great if not total disregard of the provisions of this Act. Complaints come to us from many sections of the county that the roads are in bad condition; from some that they have not been worked this year. The same report is made in regard to the road leading from Wyse's Ferry to the Graddock Ferry road. Here we have a law, a plain law, with no doubts as to its provisions, whose provisions have not been carried out. There has evidently been a neglect of duty on the part of the Commissioners in this law. The responsibility should be fixed and the offenders be made to answer.

Our attention has been called to the fact that property heretofore assessed and levied upon in this county has been transferred to other townships, apparently to avoid the payment of the tax voted by Township No. 1 to aid in the construction of railroads in said township. Complaint is made on this subject, but the same may be true of other townships. The attention of the proper officers is called to this matter, and if improper changes have been made, the property should be restored to the township where, by right, it belongs, and the remedy applied for such evasions of law.

Pool's brickyard, just beyond the corporate limits of the town, because of the quantity of stagnant water contained in it, is reported to us as the probable cause of the production of malaria, consequently of sickness. This yard is a nuisance that should be abated. This matter was reported on a year ago, but received no attention. This yard is in proximity to Newberry College and several residences, and on that account should be attended to.

Dock Moore, charged with murder, and against whom a true bill has been found, is reported as lurking and hiding in the neighborhood of the place where the crime was committed, and is source of terror to the people.

We fear that due and proper effort has not been made to secure the arrest of this offender. He, Doc Moore, has made threats which are having a demoralizing effect on the labor of the community.

We have examined the books of Trial Justices (Gardner and Johnston), and find them kept in the way required. No one of the other Trial Justices has submitted his books for examination.

A complaint in regard to the case of the State vs. Wm. Greenwood, charged with "Dealing in seed cotton between sunset and sunrise," is herewith submitted to show the difficulty of bringing offenders to justice through the Trial Justices.

The south-fork of Scott's Creek, from the town of Newberry to Bush River, is greatly obstructed and these obstructions should be removed. The same may be said of most of the creeks in the county.

We are informed that lumber ordered by the County Commissioners for the construction and repair of bridges, is taken to places ordered and there allowed to remain, liable to be washed away, and often much damaged before being used.

We ask that the usual fee be allowed our clerk.

R. T. C. Hunter, Foreman, W. D. Halfacre, R. Y. Leavelle, J. J. Duncan, John M. Calhoun, D. J. Hunt, W. A. Andrews, T. R. Workman, Thos. N. Booser, J. D. Nance, C. A. Bowman, C. K. Baker, C. Bishop, T. B. Dawkins.

Tourists.

Whether on pleasure trip or business, should take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectively on the kidneys, liver and bowels, preventing fevers, head-aches, and all other ailments of the system. They are defended by Geo. B. Cromer, Esq.

Henry Cannon was found not guilty of carrying concealed weapons. He was not represented by counsel.

St. Boise was tried and found guilty of assault and battery with intent to kill. He was defended by Bleese & Bleese.

PROSPERITY LETTER.

Miss Steve Bowers is visiting her brother, J. W. Bowers.

Mrs. Andrew Kinard has gone to Union on a visit.

Mr. H. C. Mosley now occupies his elegant new mansion about one and a half miles from town.

Mr. L. C. Boland and family occupy the house recently vacated by Mr. Mosley, and Rev. H. T. Smith occupies the rooms left vacant by Mr. Boland. These changes make all parties more happy and serene.

The passenger train on the C. N. and L. road goes through to Newberry today, Wednesday, having on board the railroad Commission.

The noted Y at this place has been completed, and we are reliably informed that the Anderson train will arrive here on Saturday evening next, and will thereafter make daily trips to Anderson, (Sundays excepted) and all other points on the line.

After this week Prosperity will certainly not be wanting in railroad facilities for traveling, as we will then have eight passenger trains daily.

Tain in and near town is beginning to be needed very much. Old corn and gardens are parched and dried up. No vegetables now. Cotton is still doing well, we think, yet there is a large quantity stopped growing, though it has not thrown off much.

Miss Mary Morris, who so suddenly and mysteriously disappeared on Tuesday, almost as mysteriously put in an appearance on Friday morning perfectly sound and well. What was quite a sensation for a while, has all quieted down and peace reigns in Warsaw, though some people are not so serene.

As I now write the A. R. P. church bell tolls the funeral knell of Capt. Matthew Hall, one of the first settlers of the town of Prosperity. Though not living here for a long time, he was still identified with the people of Prosperity and their interests. His membership he continued at the Prosperity A. R. P. church. We have been unable to get his exact age, but believe he is about eighty-eight or eighty-nine years old. This another of Prosperity's old land marks has been gathered to his fathers. Only one more of these old men remains, namely, Dr. Thompson's Young. "One by one we all are gathered home."

A Correction.
In our report of the abstract of real and personal property published last week, we desire to make one or two corrections. The number of acres in Township No. 1, outside of the town of Columbia, should be 7,123. The average value of real estate in Township No. 3 is a little less than \$4 per acre, instead of a little more than \$4.

In our average price per acre, of the real estate, we included the buildings.

The Columbia, Newberry, and Laurens Railroad.

The force of hands who have been grading on the Columbia, Newberry, and Laurens Railroad moved from here last week to Jajapa where they have commenced grading on the line from that place to Newberry. The line out of town has not been located. The track has been completed to Newberry the crossing put in and we understand that the road from Newberry to Prosperity was to have been received by the railroad commission yesterday, and the schedule of trains will be announced in a few days.

The road is already doing a good local business between here and Columbia. The work between here and Clinton will be pushed as rapidly as possible so as to secure connection with the Georgia Carolina and Northern, and ready for the fall business.

Newberry is destined soon to be the railroad center of this section.

We mentioned last week the election of the directors of this enterprise. On Saturday a meeting of the directors was held and J. M. Johnston was elected President, and L. W. Floyd, Secretary and Treasurer and General Manager. The 20 percent of the stock subscribed is now being paid in and a charter will be obtained and the work of the directors will go forward.

The directors have purchased the cotton seed oil mill machinery from the Cardwell machine works of Richmond, Va.

The enterprise is now an assured success. The men who head it are enterprising and progressive and mean business.

The two officers of the Board of Directors, Messrs. Johnston and Floyd are men of business and enterprising business men and they are ready to push the work. They are aided by a board of shrewd and safe business men.

The location of a site will be determined upon in a few days and the work will go forward.

There is yet some stock not taken and if any of our citizens have money they would like to invest profitably they would do well to come forward.

Enterprises of this character are among the great needs of our town and country.

Beth Eden Alliance.
To the Editor of The Herald and News: The undersigned had the pleasure of attending a picnic at Mr. T. V. Wicker's on Saturday last. This was given by the Beth Eden Alliance. All of the farmers, with their wives and children met together, and with them came a plenty of good things of every kind, and no one enjoyed it more than your correspondent.

The ladies who had provided the meats, pastry, and other nice things, were Mrs. W. B. Aull, Miss Bettie Reagan, Mrs. L. H. Aull, Mrs. Walter Barre, Mrs. T. V. Wicker, Mrs. — Hawkins, Mrs. Willie Caldwell, Mrs. — Rikard, Mrs. J. B. Suber, Mrs. — Rikard, Mrs. — Sligh, Mrs. — Franklin, Mrs. — Camp, Mrs. — Fair, Mrs. — Abrams, Mrs. — Welch and some others, and they did their part well.

We had a very interesting talk from the Hon. Joseph L. Keitt on the work of the Alliance. The subject of his speech was the Sub-treasury Bill. His argument was very good from his standpoint, but just exactly how the government is to loan money at 1 percent, for twelve months, and at the same time are paying 4 cents, on interest on their own bonds, I cannot surmise. It doesn't look like business. It would not take long to bankrupt the Government if that plan goes into operation.

The next thing the honorable gentleman advanced was that no one ought to vote for anyone to the Senate and by the way, he says he is on the card for the Senate, or House of Representatives who will not promise to vote for a United States Senator who is in favor of that bill. It looks like some of these fellows would swallow a cat-tail first—if it only had sub-treasury or Tillman label on it.

THE CONFERENCE IN COLUMBIA.

About 400 Persons Attend. Every County Represented but Pickens. Resolutions Adopted.

[Special to News and Courier.]
COLUMBIA, July 11.—A resolution having been adopted requesting the members of the press, who were also members of the conference, to publish only the results of the session as furnished by the secretaries, the following official statement of results is submitted:

ENDORSE THE DEMAND FOR A PRIMARY.
Resolved, That when this Conference adjourns that it adjourn to meet subject to the call of the president, and in the event that the August Convention refuses to make provision for the election of delegates to the September Convention by primary election, that the president call a meeting of this Conference to be held before the September Convention for the purpose of consulting together as to what course shall be pursued to preserve the existence of the Regular Democratic party of South Carolina.

BY MR. WM. M. JONES, of Spartanburg.
Resolved, That the reporters present be requested to publish only the results of this Conference as furnished by the secretaries.

ENDORSE THE STRAIGHTOUT PRESS.
Resolved, That this Conference of representative Straightout Democrats do hereby heartily endorse the News and Courier, the Greenville News, the Columbia Register and Columbia Evening Record, and all other true papers of like principles in the State, as true, honest and faithful exponents of the principles, tenets and traditions of our party.
